

Recruitment

REGISTRAT-MAPI Europe, a subsidiary of MAPI Group, is specialised in Peri-Approval studies (phases IIIb, IV and pharmaco-epidemiology) for major pharmaceutical laboratories.

As part of our development, we are recruiting:

Proposal Development Specialist

Position description:

Under the supervision of the Chief Commercial Officer:

- You will primarily inventory budgetary rubrics in order to develop a price catalogue of REGISTRAT-MAPI Europe benefits.
- Secondly, you will assist the Assistant Director of Scientific Expertise & Proposal Development in the creation of commercial budget propositions.
- You will assist in the homogenisation of common tools with REGISTRAT-MAPI US.

Candidate profile:

Minimum +3 years of post-secondary education required, preferably in a scientific field.

- Bilingual French/English (TOEIC 800 minimum)
- Mastery of Excel
- Appreciation for numbers

You have been recognized for your work ethic and autonomy.

Permanent position to be filled immediately.

Frequent travel to Paris and occasionally abroad.

Based in Lyon 3.

Send your CV and cover letter along with references and salary requirements under the reference: PDS04122009(1)
